

CONTRACTION DOMINOES

WonderHere[?]
↓

Materials:

- Scissors

Directions:

Prep: cut and laminate (optional) the domino pieces.

1. This game needs two or more players and follows the general rules of dominoes.
2. Scramble the domino pieces.
3. Deal the domino pieces evenly.
4. Player One sets down any domino.
5. Player Two looks in their set for a domino with a matching contraction. If they have a match, they place the matched sides together. If not, they pass and the next player takes a turn.
6. This continues until a player has no more dominoes left. They are the winner!
