

OH!

INTERJECTIONS

AND

CONJUNCTIONS

WonderHere[?]

Directions:

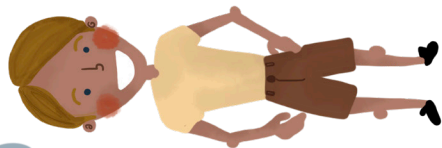

Cut apart the task cards on the dotted lines. Use the task cards to orally create complex sentences using interjections and conjunctions with a partner.

Extension:

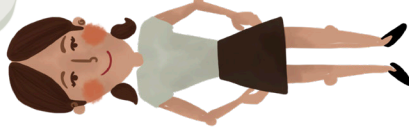

Make it a game! With 2 or more players, place the task cards face down. Take turns choosing a task card and creating a sentence with the interjection, conjunction, or both. Each interjection used gets 1 point and each conjunction used gets 1 point. If the sentence is said with excellent inflection (act it out), the player gets an additional point. When you call time, the player with the most points wins!
