

VOWEL
TEAM
STARGAZING

WonderHere[?]
↓

Materials:

- 2 wooden cubes
(from a craft store or big box retail store)
- Permanent marker
- About 20 game pieces per player
- 1 game board per player

Directions:

Prep: Print the game boards on cardstock. Laminate them to make them last longer. Then write a vowel team on each of four sides of the wooden cube (use the four vowel teams that appear on one game board). Draw a star on the remaining two sides.

Be sure that each player selects a game board with the same vowel teams on them.

1. Each player takes one game board.
2. The first player rolls the die and reads a word from the column of the vowel team rolled.
3. Then they place a marker on it.
4. If a column is filled and a player rolls that vowel team, they lose a turn.
5. If a player rolls a star, they can read any word from any column.
6. The player who fills their game board first is the winner.
